A new Highway Patrolman, Harry F. Heidemann, has moved to Hondo, replacing John Huie, who has been transferred to the license and weights division. Huie doesn't know where he will be stationed as yet, and has been attending school in Austin for the past few days. Heidemann was stationed in Fredericksburg before moving to Hondo.

J. G. Barry, superintendent of Hondo Independent School District, says there are 467 students enrolled at the new Meyer Elementary building. Breakdown of the enrollment shows 181 in the first grade, 153 in the second grade and 133 in the third grade.

The Medina County Home Relief Association reelected two directors at their meeting in Hondo last Saturday. The directors, elected for three year terms, were Otto Wiemers and W. N. Burgin. The directors, meeting in Hondo Tuesday, named Fletcher Davis president, A. H. Rothe vice-president and Jack Fussell secretary.

Castroville citizens began their seven-week Civil Defense First Aid course last Thursday night. Dan O'Connell, county coordinator, said there were 26 present for the first meeting. Meetings are being held in the American Legion Hall every Thursday night at 7:30.

Justice of the Peace George Kimmy says this week has been the slowest in his five and one-half years in Hondo. Judge Kimmy has had 25 cases to date during January. Traffic fines make up the largest number of cases tried in Justice Court. Court cost for traffic cases is \$15.50 while court cost for cases where the Sheriff makes an arrest is \$20.

The Anvil Herald has changed publication dates, effective Jan. 1, 1957. All editorial copy should be in the office before noon Wednesday and all advertising copy should be in before noon Tuesday.

The Hondo Business and Professional Women's Club will present the "Woman of the Year" at their annual banquet the first week in April, according to Mrs. L. V. Stanga, president. Mrs. Jerome Zinsmeyer has been appointed chairman of the event and letters of recommendation for the honor are now being received.

"Anyone having a name to submit should write a letter to the BAPW Club, giving reasons why the name submitted is considered eligible," Mrs. Zinsmeyer stated. "We would also like the different organizations in Hondo to submit a candidate."

The selection is made by a committee and the honoree remains a secret until the presentation of the award at the banquet.

St. Paul's Lutheran Church will hold services at 7:30 p.m. Sunday. Rev. Herman of Knippa will officiate in the services.

Tommy Santos at Santos Electric has announced the purchase of the Uvalde Electric Motor Service, as of Jan. 23. J. G. Landberg, had operated the business in Uvalde for the past seven years. Santos will continue the operation.

Lake Wade, social security representative from San Antonio, will be in Hondo Tuesday for a regularly scheduled meeting with local citizens. Anyone desiring social security information should be at the District Courtroom at the courthouse in Hondo starting at 9 a.m.

Sun and Soil, magazine supplement appears with this week's issue of the Anvil Herald. From Hondo comes a story on James Amberson, winner of two Soil Conservation awards. A story on irrigation and lot feeding, on a 15,000 acre ranch east of Carrizo Springs, is also included in the magazine this month. For added enjoyment, read each feature in Sun and Soil.

District Court Cases

Two Are Sentenced

Two persons received penitentiary sentences and one a jail term, following sessions of District Court this week.

Edwardo Garcia, case 3651, was found guilty of burglary of a private residence and sentenced to not less than two nor more than three years in the state penitentiary.

In other cases, Pedro Morin Torres, 18, was sentenced to two years in the state penitentiary for possession of a narcotic drug.

Torres is from Hondo, and was released from the reformatory at Gatesville in August, Sheriff Charles Hitzfelder said.

Benardino Silva, 17 year old Medina County youth, was found guilty on charges of assault with intent to murder with malice aforethought, and sentenced to six months in jail.

The youth, who says he was born in Yancey, lives with his father Macelino Silva on the R. R. Caddenhead farm about two and one-half miles southeast of Devine.

Freight Rate Reductions Are Extended

Drought-ridden Texas farmers, dairymen and ranchers will reap additional large benefits as a result of the railroads' extending their 50 per cent freight reduction on shipments of hay.

Since Oct. 13, when the rate slash went into effect through mid-January, Texas agriculturists were aided by the railroads to the extent of \$1,399,389. During that time the railroads shipped 134,993 tons of hay into Texas at the 50 per cent rate.

The rate cut tendered by the railroads covered eight states. The total saving to agriculturists in the 8 states has been \$2,371,890 of which \$1,399,389 has benefited Texans.

Action of the railroads, the only carriers which have come to the aid of farmers, ranchers and dairymen, has been hailed by Texas agriculture leaders as the biggest contribution to the drought-stricken area. The move was also commended by President Eisenhower.

The rate reduction, originally scheduled to expire Jan. 15, has been extended through March 31, the Texas Railroad Association announced.

Silva said he shot at three children playing basketball Nov. 30, while he was hunting rabbits, to give them a scare. He said he also took three shots at a boy Dec. 4, while hunting on Caddenhead's property. All of the shots were fired from a .22 cal. rifle.

Caddenhead said all of his neighbors called him after the boy had been released on bond and "wanted to know if he couldn't run him out of town."

Another neighbor, Caddenhead testified, asked if he "shot the boy would he (Caddenhead) press charges against him."

The defendant's mother testified the boy did not hunt often. She said he hunted on Monday, the day before the boy's arrest by

Medina County law enforcement officers.

Silva plead not guilty on the charges. Frank Vance was defending attorney while District Attorney R. S. (Bob) Crawford prosecuted for the state.

The court placed Raul Rodriguez under order to pay \$10 weekly for child support. Number of the case was 3626, the charge being child desertion.

Court sessions were being held at press time. Among those coming up for trial was case 3673, filed against Charlie Jurosko on a charge of indecent exposure to a child. Jurosko, 42 year-old Hondo resident, is charged with indecent exposure to a 15 and 17 year old girl, and was arrested Dec. 19 by the Medina County Sheriff's Department.

City Police Investigate Two Wrecks

Hondo City Police chief Orby Swatzell investigated two minor accidents last week.

The first, a two car collision, caused an estimated \$5 damage to both vehicles. Mrs. F. D. Garrison, Hondo, was driving north on Ave. M, and Leonard Adkins, McKinney, driving east on Highway 90, both swerved to avoid an accident and barely touched, according to Swatzell.

The Garrison car is a 1956 Buick while Adkins was driving a 1950 Buick. The accident happened at 9:15 a.m. last Friday. The other accident, Saturday at 11:20 a.m., involved a 1948 Ford driven by Thomas E. Timmerman and a 1951 GMC truck, loaded with gasoline, driven by Alfred Saathoff.

Saathoff attempted a right turn from 16th St. onto Ave. J, and applied his brakes after seeing the Timmerman. The truck slid, due to road conditions at the time, denting the left front fender of the car.

There were no arrests in either of the two accidents.

Last Saddlery Is Up For Sale

H. G. Rohrbach of D'Hanis, who runs the last saddlery shop in Medina County, says shop in Medina County, says he would like to quit. He was in the Anvil Herald office and put an ad in last week, offering to sell the entire establishment, and we thought that since he is running the only saddlery in this area, it was a good news story.

Medina County Show Set For Monday, Tuesday

Edwards Committee Makes New Proposal Sale Will Be Held Tuesday Afternoon

The South Texas Chamber of Commerce Edwards Under-ground Water Conservation District, headed by Paul W. Jahn, New Braunfels, has come up with a revision of their water bill.

In a letter to A. H. Rothe, county judge, the new proposals include the following:

1) Divide the area to be included as indicated on the Board of Water Engineers' Edwards Reservoir map into five precincts — One, that part of Hays County; Two, that part of Comal County, including the small part

of Guadalupe County; Three, that part of Bexar County, including the small part of Atascosa County; Four, that part of Medina County; and Five, that part of Uvalde County, including the part of Kinney County.

2) Have one director from each of these precincts, the first to be appointed by the State Board of Water Engineers, who shall then serve until an election can be called, when the terms of the directors shall be staggered so that there shall always be at least three of the old directors on a newly elected board.

3) Impose a tax limitation of five cents on the \$100 valuation and the valuations to be in accordance with the individual county assessments. (According to the present valuations in all of the counties, this will give a sum in the neighborhood of \$130,000, which will then be used for the purpose of setting up a master plan of development.)

4) A tax election in order to carry must have a majority vote in at least three of the precincts. No. 1, 2, 4, 5, in addition to Precinct No. 3.

5) Grazing land, on which there are only small wells for domestic and livestock uses may be exempted from tax upon petition to the Board of Directors.

The Medina County Water Board said they are taking the new proposals into consideration but that it would still have to go before the county for a final vote of approval.

The Sixteenth Annual Medina County Fat Stock Show, to be held Monday and Tuesday, Feb. 4 - 5, at Devine, promises to be one of the best, according to County Agent C. B. Gaston.

Show animals will be sifted Monday and judged and sold Tuesday. More than 249 entries have been accepted in the two-day show.

FFA and 4-H Clubs from Devine, D'Hanis, Castroville, LaCoste, Hondo and Natalia have been entered in competition.

Jack Tilley, Devine, is serving as this year's stock show president. Woodrow Sharp, Castroville,

is vice-president, and John C. Biediger, LaCoste is secretary of the organization. Local officers elected at Devine include L. C. Martin, president; Henry Moss, vice-president and general manager; Jerry Howard, secretary; and Howard Wallace, treasurer.

Division supervisors are E. N. Sadler and R. I. Busby Jr. Superintendents of the various divisions are calf, John McAnelley and George Ilse; hogs, B. C. McDonald and Charles Vickery; sheep, M. S. Ridgeway and C. B. Gaston; and poultry, W. K. Williams.

This year's show is being sponsored by the Devine Chamber of Commerce. Letters have been sent to Medina County merchants urging them to close and attend the 4 p.m. Tuesday sale.

Judging is scheduled to begin at 9 a.m. Tuesday and sales will take place at 4 p.m. that afternoon. Texas Aviation Industries purchased the champion dry-lot calf last year. Other buyers last year included Jake Schuehle, grand champion barrow; LaCoste National Bank, reserve champion lamb; Bob Southerland, grand champion lamb; Jerome Zinsmeyer Service Station, grand champion chapon; and Loggins and Lilly Store, grand champion pen of fryers. R. R. Woodward purchased the top selling calf.

Judges for the various divisions of the show include F. B. Wines, A&I, poultry; Jim Gray, sheep and goat specialist for the Extension Service, sheep and goats; Dick Weekly, swine consultant to Vocational Agricultural Services of the Texas Education Agency, swine; and H. A. Fitzhugh, manager of the Straus Medina Hereford Ranch, calves.

The auctioneer will be furnished through the courtesy of Roy Kothmann, owner of Frio Livestock Sales and Alamo Livestock Commission.

Food and drinks will be on sale by the Devine Band Boosters Association.

Various committee heads include Jerry Howard, catalogue, W. L. DuBose, publicity; Howard Wallace, finance; Henry Moss, judging and awards; Hartley Howard, sales; Jack Tilley, pen and property; Moss, sifting; Leo Bohl Jr., weighing; and Moss, loading.

County Officers Are Now Official

Six county officers have paid bonds and been sworn in, according to A. H. Rothe, county judge.

Fred Bader, commissioner precinct 1; R. J. Noonan, county attorney; Charles Hitzfelder, sheriff; Alfred J. Rohrbach, tax assessor-collector; Joe C. Hoog, constable precinct 3; and Charles B. Langfeld, commissioner precinct 3, have posted bond and been accepted by the Medina County Commissioners Court.

Council Gives Police

Vote Of Confidence

The Hondo City Council, meeting in regular session Thursday night, issued a vote of confidence to Police Chief Orby Swatzell, voted themselves a pay raise, set up a Board of Tax Equalization

and voted pay raises for several employees in the city offices.

Swatzell, city policeman for the past one and one-half years, heard the council vote their approval of a job well done, along

with a \$25 per month raise, effective Jan. 1, 1957.

A list of instructions, telling Swatzell what the city expects of him, was also voted. City police headquarters will be established in the city offices and all traffic violations will be kept on record there. The Council voted to have Swatzell keep a day-by-day record of all arrests, warnings and tickets given, and to file them at the city office. The list of violators should be published monthly, showing the people of Hondo what their police force is doing, the Council said.

City court collections for the past six months have been July, \$207; August, \$112; September, \$111; October, \$94.50; November, \$59.50; and December, \$41.

Avenue M, between 17th and 18th streets, will have parallel parking, following an ordinance passed at the Council meeting. State Highway Department was to start work on the project Monday morning, but inclement weather put it off. The street will be built up next to the curb on that side.

The Councilmen voted themselves a pay raise — the Council had not previously received money — during the meeting Thursday. City Councilmen will receive \$5 per regular meeting while the mayor will receive \$10 per regular meeting. Called meetings will not be paid meetings, the Council voted.

A Board of Tax Equalization was set up, subject to member's approval, at the meeting. Members include Edgar Stiegler, Joe Palle, Charles Monkhouse and Martin Noonan, alternate.

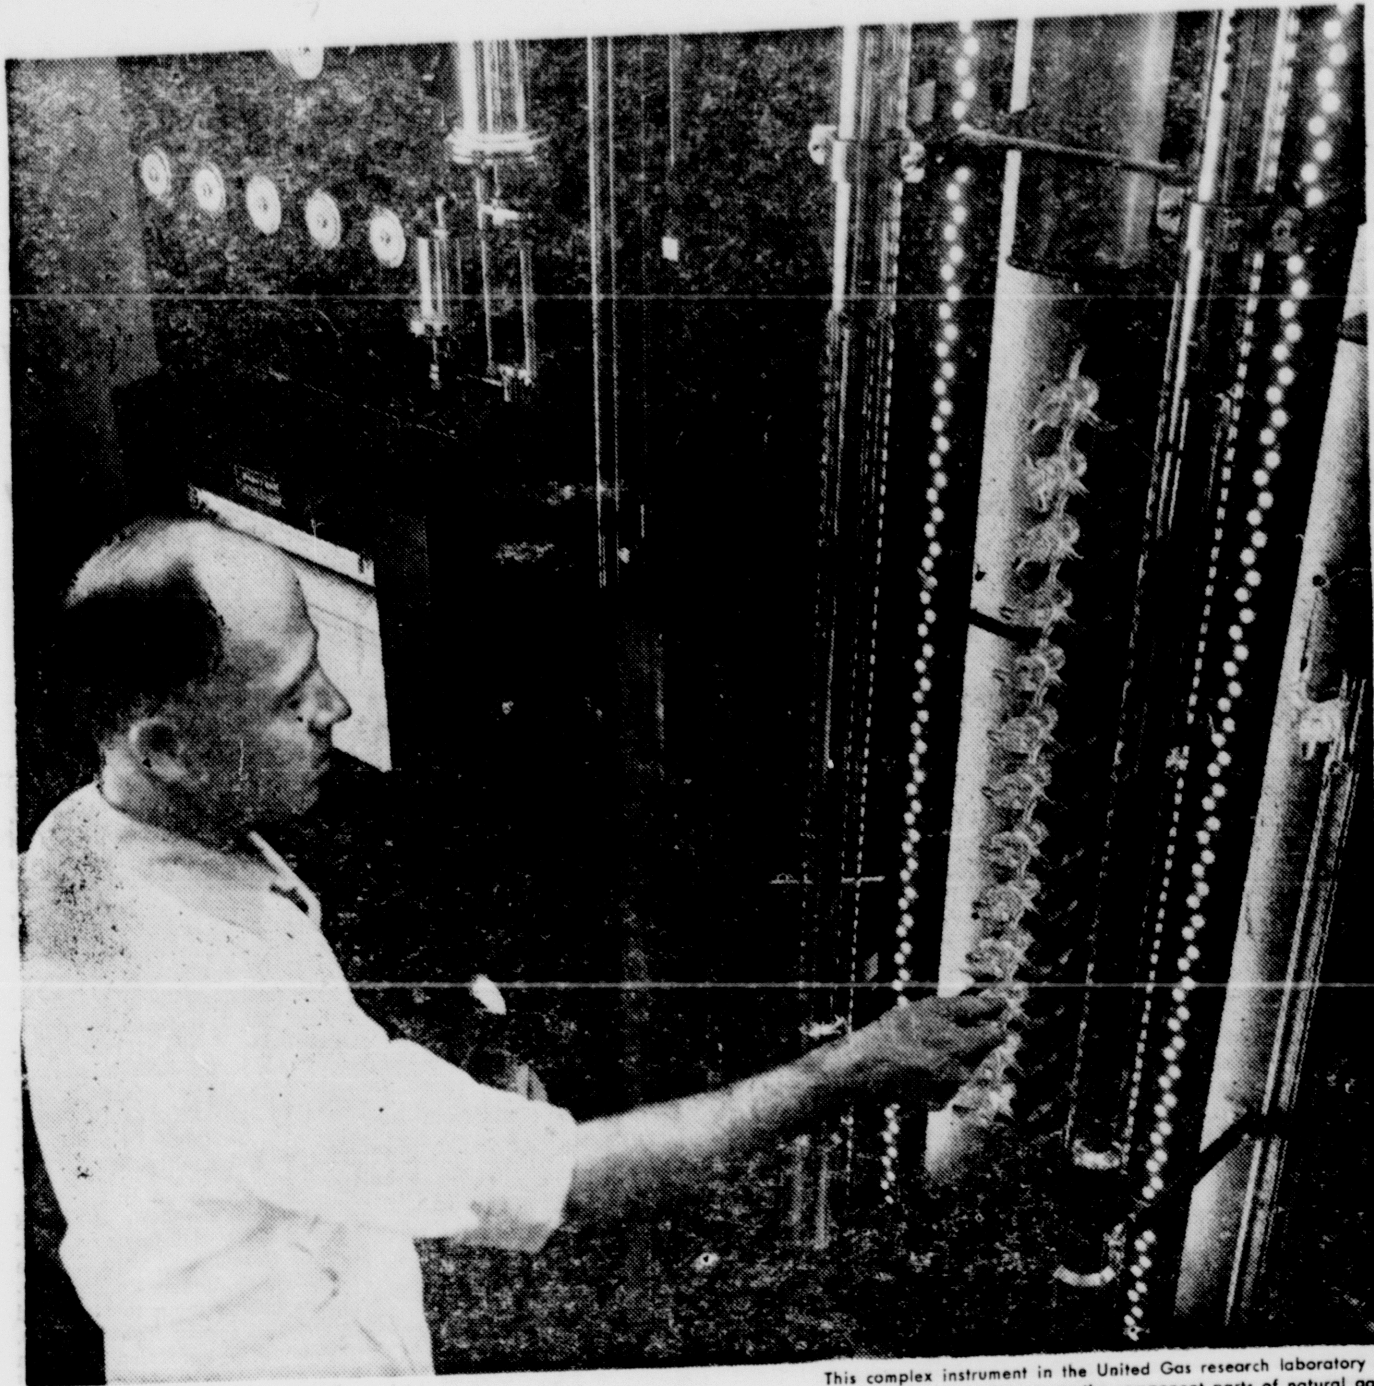

Two City Councilmen and a mayor will be elected April 3. Mayor O. A. Fly will not seek reelection for his post as mayor of Hondo. He has been mayor for the past five years. Other Councilmen whose terms expire include Milton Batot and W. J. Nester.

City Secretary, O. L. Moss, presented a copy of the city's tentative operating statement for (See CITY, Page 5)

VFW POST 3891 INSTALLED new members Jan. 22 at Hondo. From left to right, the new members and installing officers are Marion Keller, Claude Tondre, Billy Laughinghouse, Harold Herring, Oscar

PROPOSES A BIGGER APPROACH
TO OUR PROBLEM OF AN
INSUFFICIENT WATER SUPPLY

LET'S FACE THE BASIC FACTORS OF OUR PROBLEM

Despite all the time, thought and effort that may be given to our problem of a failing water supply, there is one stubborn fact that we meet head-on and are powerless to do anything about.

That fact is our absolute dependence upon rainfall for our supply of fresh water.

Of course, in a pinch, and by a process of imitating nature, we can purify and make potable a sufficient quantity of the ocean's briny content to answer limited needs.

But in nature's great scheme, all fresh water must first come from the great ocean reservoirs in the form of vapor.

Thence in the form of clouds, it is tossed about by the winds until converted into water to fall in raindrops to water the thirsty soil and give life to every living organism, vegetable or animal, on the land.

Blessed is the land beyond computation that is so fortunately situated in the path of those winds, laden with their life-giving store of moisture, as to receive a sufficient rainfall as to answer all needs of life on its surface.

Unfortunately not only is our immediate area but a vast, almost immeasurable area around and beyond us, spreading in a fan-like shape far to the northward, not so favorably situated.

The hard fact is that our problem is having to deal with an insufficient rainfall.

And that is something we can not affect or rectify; all we can do is make the best possible use of nature's allotment to our area.

That is the purposed endeavor of those who are promoting the proposed effort to create a water-conservation district.

However doubtful it may be that the plan will long, if at all, answer the need for an increased source of fresh water, it is deserving of all the effort and cost that can be reasonably applied to it.

But we must not forget, regrettable as it is to have to face it, that we are gambling all on the success of a venture the success of which is dependent on an in-

sufficient rainfall — without which all our efforts will be in vain and, in the event of ultimate failure — may find our last state worse than the one from which we now seek to flee!

The wise neither rush headlong into a portending catastrophe or lull themselves into a complacent attitude of waiting for "whatever is to be will be!"

They do something about it! The attitude in the matter confronting us should be that of finding a remedy for what ails us — an insufficient water supply.

The late Gen. C. M. Cureton, then Attorney General of Texas, thought he had the solution.

This columnist heard him elucidate his vision (for it certainly is one) some years ago and has marveled that others have not taken it up and brought it more nearly to reality.

For countless ages, at the advent of spring, with its melting of the winter snows in the mountains at its source, the Missouri River has been sending at each recurring season, a flood of waters down its course to mingle with those of the Mississippi, and with them, waste their silt-laden flood eventually and uselessly into the Gulf of Mexico.

Mr. Cureton's vision was a dam at a strategic point on the river, divert its waters down a canal and bring it across intervening territory and, through properly constructed dams and intersecting canals, water the greater portion of Texas.

Too stupendous and too expensive to be practicable or profitable, you say?

Well, who knows? Certainly it has never been figured out.

If it served only the purpose of supplying the water that would remove the dangers of a failing supply in Texas it would be of immeasurable value.

But it would serve a double purpose.

When the flood-waters of the Missouri from the west, accompanying the melting snows, and those of the Ohio from the east with its spring freshets, converge with the Mississippi, below St. Louis, there are destructive floods all along the valley, below until it finally discharges into the Gulf of Mexico.

For years, the government has spent countless millions of dollars constructing dams along the river's course to protect the adjoining lands from inundation and its accompanying destruction of property, and with indifferent success.

The money already spent for this would doubtless have built the canal and diverted this destructive agent into a constructive one that would have made a garden spot where its silt-laden waters were turned on the soil of Texas, and at the same time, afforded the Mississippi valley

better protection from floods than that furnished by the levees.

Without disparaging the importance locally of the problem now being considered — how to make a dwindling supply of water suffice for an ever-increasing demand — let us not be unmindful of the course that promises the greater good to the greater number.

Let's turn General Cureton's vision into a grand reality; thereby, we may save the western hemisphere from developing its Sahara.

While not neglecting the smaller things, let's put the bigger things first.

Water is where you find it! We are not finding enough in an insufficient rainfall!

Let's tap what seems a source of adequate supply! Let's bring General Cureton's vision into a grand reality!

Otto Weltner and wife and two children were here from Camp Verde on a visit to relatives.

Elder C. M. Licklider announces he will preach at the Nazarene church on the 4th Sunday.

Supt. W. N. Saathoff announces an Educational Campaign in Medina County to run from Monday through Friday, Feb. 5th to 9th, when Messrs. Wehrwein and Vining, University Specialists in Rural Education, would visit five different communities in the county.

Total rainfall for 1906 is reported to have been 31.12 inches; the 18 years average was 28.18.

January 29, 1927

The new Parochial school building was nearing completion. The main part was 70x34 feet and a 30x24-foot extension on the north side made it a T-shape. The building is two stories high and has a basement 67x30 feet. The building when completed is to cost \$25,000. Joe Falle was the architect and New & Neumann were the contractors.

Members of St. Paul's Lutheran Church installed a new pastor last Sunday in the person of Rev. H. A. Heineke. Rev. H. Langer of Knippa, who had years ago confirmed Rev. Heineke opened the services and preached an impressive sermon. He was followed by Rev. C. P. Hasskarl of Quilhi-New Fountain Parish in a timely discourse.

The D'Hanis correspondent notes that A. C. Ilse, farming lands in both Uvalde and Medina Counties, was designated one of the 15 Master Farmers of Texas by the Progressive Farmer, a farm periodical printed in Dallas. Mr. and Mrs. Bonny Bomba of Devine were entertaining twins, a boy and girl, at their home since Friday, January 21st. Fair Association Stockholders were called to meet Saturday night to look after important business.

January 29, 1937

At the annual meeting of the Hondo National Farm Loan Association Tuesday, January 12th, James Amberson, Otto J. Wurzbach, A. G. Ilse, F. G. Senne, A. L. Haegelin, C. J. Bless and Charles Metzger were elected. The Association had outstanding loans of nearly \$300,000.

Knob-knockers visited Hondo Wednesday night and opened the safe at the Hondo Lumber Co. and at the Miller Service Station. The culprits did a lot of damage to the Lumber Co. safe and scattered its contents but secured little cash. At the Miller garage they got away with some \$230.00.

Arnold Mussman and Miss Lorine Haass were married in St. Paul's Lutheran Church on Wednesday.

Medina Junior Fat Stock Show Monday, Tuesday

It is again time for the Medina County Junior Fat Stock Show, which will be held at Devine Feb. 4 and 5, Monday and Tuesday.

The Herald salutes the boys and girls who participate, their leaders and parents. A big salute also goes out to the entire community effort put forth in staging the show.

It is well that these youth livestock shows should have the backing of the entire county. Great strides forward are being made in farming and ranching, and shows of this kind help to keep the ball rolling.

Anyway you look at it, our county youth livestock show is one of our most important undertakings. The county agent, vocational agriculture instructors and youth leaders, who through the years have played such an important role in this development, are due thanks and appreciation for their efforts.

Not to be overlooked is the fact that they had the raw material with which to work. Our youth have responded well to instruction. The parents of our youth have joined in to make the project unanimous.

We urge the entire citizenship of Medina County to get out to the Devine football grounds Monday or Tuesday and view the Junior Fat Stock Show. Sale day is Tuesday and judging will begin Monday.

QUAY PARMER,
Evangelist

EARL WARD,
Song Leader

Everywhere they go, these fine Christian leaders are known as warm, friendly men — and through their challenging services they bring people closer to God. They truly play a great part in the spiritual re-awakening of today.

Quay Parmer has conducted over 200 revivals in 18 states.

Services will be conducted beginning Jan. 31st

7:00 a. m. each week-day morning except Saturday. We will begin with coffee and doughnuts, and services will be conducted as we sit around the tables in the fellowship hall. We will be dismissed promptly at 7:45.

7:30 p. m., the thrill of great gospel singing and powerful preaching will inspire us at this evangelistic service.

PERSONAL APPEARANCE

By Jerry June Berger

Did you pay your poll tax? Hope so, because in this so-called "off" election year we'll have the opportunity to select a new United States Senator for Texas. Also, both city and school elections are coming up this spring.

On April 2, you'll be able to go to the fire station and vote on two different ballots at different tables. The senatorial race is to be decided at one table, and our city election is to be at another as the law decrees.

MAYOR O. A. FLY says he has "had it" — is declining to become a candidate for another term. He has made a good one, but it is understandable that a businessman might get weary of hearing about everybody else's troubles. For years the mayor has been lending a sympathetic ear without a cent of compensation.

At long last the mayor and councilmen are to receive a token payment for attending council meetings, which is as it should be. No provision was made, however, for time consumed listening to complaints outside of council meetings.

Along with the mayor's expiring term are those of councilmen W. J. NESTER and MILTON BATOT.

In April too, though not on the same day, an election is to be held for school board members. These men receive no pay. The three year terms of HERBERT MOEHRING and BRUNO SCHWEERS come to an end at this time.

So if you feel a call to civic duty, now is the time to become a candidate. You may run for mayor or councilman by filing your name with city secretary O. L. MOSS, or if school instead of city problems are more to your liking, then announcing with school board secretary RUDY RATH will insure your name being placed on the ballot.

That these are thankless jobs does not alter the fact that they are completely necessary for good government or for good schools. With little or no pay and not much prestige value associated with the positions, it is rather surprising when any candidates at all announce, EXCEPT this is where the good citizen enters in.

PA
The occupants of Meyer Elementary School are obviously proud of their new building. This was quite evident Sunday afternoon, when, despite a cold drizzle, parents by the score turned out and had their arms tucked throughout the plant by eager first, second and third graders. Their proudness is justified — such wonderful facilities should make learning a joy.

Holzhaus Birth

Pfc. and Mrs. Guy Holzhaus have announced the arrival of a son, Michael Allen, born Jan. 14. Grandparents are Mr. and Mrs. Oscar Bendele of Dunlay, and Mr. and Mrs. Clarence Holzhaus of Castroville. The Holzhaus's are stationed at Fort Polk, La.

Emil Heyen Dies After Long Illness

Emil Heyen died in an Austin hospital Jan. 11, 1957, after an illness of many months duration. He was born at New Fountain, a son of Hugo Heyen and Katherine Bohmfalk. Here he attended the Methodist Church and the community school. After his marriage to Minnie Buss, they made their home in Hondo. He was engaged in the tailoring business until his illness prevented him from work.

Survivors are one brother, F. A. Heyen; two sisters, Jane Schweers and Lizzie Wohlschleege of Bisbee, Arizona. Funeral services were held Jan. 13 at Harger Funeral Home. The Rev. Harold Goodenough officiated.

Interment was at Oakwood Cemetery, with his nephews as pallbearers — Clarence Heyen, Leslie Heyen, Horace Schweers, Erwin Heyen, Chester Heyen and Merlin Heyen.

St. Ann's Holds Initiation Of New Officers

St. Ann's Society of LaCoste held installation of officers Jan. 21, in the School Hall.

New officers installed at the meeting included Mrs. Agnes Biediger, president; Mrs. Alvis Lagleder, vice-president; Mrs. Marie Zinsmeyer, secretary; and Mrs. Julia Hutzler, treasurer.

Prayers were offered and will continue by all members of the Church, for the health of Father A. J. Weber, who is a patient in a San Antonio hospital.

A social hour was held immediately following the meeting and coffee and cookies were served. The next meeting will be the third Monday in February.

Recital Set Saturday At Hondo HS

A piano recital in Hondo High School Auditorium Saturday night, Feb. 2, will feature the students of Mrs. Earl Marquart. Starting time is 8 p.m. and the public is invited to attend.

Participating will be Janet Burrell, Nelwyn Ward, Penny Strickland, Margaret Ann Smith, Mary Lou Heyen, Kathy Zinsmeyer, Judy Tondre, Kathy Mims, Verlyn Wiemers, Susan Mims, Gloria Kelley, Margaret Lynn Meyer, Elvia Cortez, Emilie Beth Nester, Nancy Hedge, Betty Nietenhoefer, Karenina Grun, Doyleene Enloe, Nancy Burch, Peggy Grollmund, Linda Tondre, Eddie Berger and Jay Enloe.

Bank Deposits

Hondo National Bank's year-end statement for 1956 shows deposits of 4,651,912.05. The year-end statement from 1955 showed \$4,677,592.61. This is a correction from last week's paper.

CITY..

(Continued From Page 1)

the past seven months. Tax delinquencies show a \$1,000 per year average for the past 15 years. Bonded indebtedness of the city is \$291,000, or \$467.85 for each man, woman and child living in Hondo. The figures were based on Hondo's estimated population of 6,220.

Most of the delinquent taxes are on real estate property. Fifty-one per cent of personal property taxes were collected last year. The city has averaged 93.8 per cent collections during the past 15 years but delinquency has been increasing since the drought. Total delinquent taxes for the 15 year period are \$15,895.41. During the same 15 year period, valuations have increased from \$871,530 to \$2,525,810.

Pay raises went to two bookkeepers and one secretary in the city offices.

Shower-Tea Honors Bride-To-Be

A shower-tea was given in honor of Miss Imajean Tschirhart Sunday Jan. 27 in the Legion Hall at Castroville.

In the receiving line were Miss Tschirhart, Mrs. Gabe Tschirhart and Mrs. Seal.

The table was covered in a white handwoven linen banquet cloth, centered with pink carnations flanked by white tapered candles.

Cake, coffee, nuts and mints were served to approximately 75 guests.

Mrs. Larry Burrell was in charge of the bride's book. Miss Beverly Poth and Mrs. Joyce Geant served coffee. Mrs. Bill Arndt and Mrs. Gilbert Friesenhahn served the cake. There were 29 hostesses.

Costume Ball Set Saturday At Air Base

A gala French Costume Ball is scheduled for this Saturday, Feb. 2, at the Officers' Club, Hondo Air Base. Members of the HAB-GAB will appear in numbers during the floor show produced by '57 TANGO CLASS. Lt. Richard Urdahl has composed lyrics for two numbers to be done by a quartet. Lt. Gene Tolfree will act as Master of Ceremonies. Music by the Mello-Tones for dancing from 9 p.m. to 1 a.m.

Couples Bridge has been added to the Hondo Air Base Officers' Club Calendar. Starting promptly at 2000 hrs., the play is four hand progression. The February Bridge nights will be Tuesday, Feb. 13, and Tuesday, Feb. 26.

The Exercise Class regularly held at the Officers' Club each Tuesday morning at 9:30 will now meet at the Base Gymnasium at 9:20. All members of the Hondo Air Base Wives Club interested in this activity are urged to call Sports Chairman, Mary Carr at HA 6-2668 for further information.

Mrs. Davidson Is President HAB Club

Election time again for members of the Hondo Air Base Wives Club, and a very important election day for not only did the members elect a new slate of officers but they also voted favorably upon a constitutional amendment changing the tenure of office from four months to six months for all officers and committee chairmen of the organization. The business meeting and elections were presided over by

Mrs. Julian Carr.

The newly elected officers are Mrs. Marion Davidson, president; Mrs. David Gunn, vice-president; Mrs. Tom Warr, recording secretary; and Mrs. Robert Krutz, treasurer.

Following the business meeting, Mrs. Robert Hifler introduced the guest speaker of the day, Fay Arnam, a millionaire expert from San Antonio. Her delightful and enlightening discussion was well received. She demonstrated types of hats for various types of people, new fabrics for spring, and gave numerous suggestions for ways to re-shape old hats and re-tint flowers with the use of cosmetics.

The next Business Luncheon will be Wednesday, Feb. 3. Reservations may be made by calling HA 6-2058 or HA 6-3863.

Three Ladies Are Hostesses At Luncheon

Mrs. Walter Gunstream, Mrs. George Reinburg and Mrs. Carl E. Porter entertained both Thursday and Friday with bridge luncheons in the Gunstream home at Hondo Air Base.

A springtime floral arrangement was used as the centerpiece of the dining table, from where the luncheon was served buffet style to 20 guests each day.

Winning prizes Thursday were Mrs. J. S. MacManus, high; Mrs. Dan Johnson of San Antonio, second high; and Mrs. Fabian Garrison, low.

Friday winners were Helen Haines, high; Julia Hauck, second; and Evelyn Sizemore, low.

NOTICE

Notice is hereby given that the Commissioners' Court of Medina County, Texas on Monday, February 11, A. D. 1957, at 10:00 a.m. in the Court House in the town of Hondo, will receive bids from any bank, corporation, association or individual banker, that may desire to act as the depository of the funds of Medina County.

Any banking corporation, association or individual banker in Medina County desiring to bid shall deliver to the County Judge, on or before the time set forth a sealed proposal stating the rate of interest that said banking corporation, association or individual banker offers to pay on daily balances for the term between the date of the said bid and the next regular time for the selection of a depository. Said bid shall be accompanied by a certified check of not less than one-

half of one per cent of the county revenue of the preceding years as a guaranty of the good faith of the bidder, and that if his bid should be accepted he will enter into the bond as provided by law for county depositories, and upon the failure of the banking corporation, association or individual banker in said county that may be selected as bond required by law, the amount of such certified check shall go to the county as liquidated damages. The county reserves the right to reject any and all such bids.

Given under my official hand and seal of office this 11 day of January, 1957.
Arthur H. Rothe,
County Judge Medina County, Texas. (3tc3)

Castro School News

(Editor's Note: This column is written by and for elementary school children at Castrovilla.)

Sharon Tarver is still talking about her trip during the Christmas holidays, when she went to Disneyland. Their family is going to show us some films that they took while they were in Disneyland. She had a nice time.

Claudette and her sisters are back in school. We are glad they are back.

We are very sorry that our parakeet Sarah, has died. She caught a cold and there was no doubt that she was very sick. We miss her singing and talking very much.

We have been very lucky in our room. No one has caught chicken pox yet. There has not been too much sickness either.

Robert Breiten III made a very nice and useful box to hold the papers on the teacher's desk. He cut the letters PAPERS and a little squirrel out of masonite with an electric band saw he got for Christmas.

Sixth Grade

The regular meeting of the sixth grade class was held on Jan. 18, 1957.

The meeting was called to order by the president, Betty Jean Chapman. Minutes were read by secretary Dorothy Horecka and approved as read.

Then the treasurer reported that there was a balance of \$5 in the treasury.

Marcella Gill made a motion we buy some books for the library. The motion was seconded by Beverly Nester.

We voted for most popular boy and girl and they are as follows: Gary Benke and Dorothy Horecka.

For entertainment, we played "in and out" and "Kitty". Beverly Nester made a motion the meeting adjourn. Peggy Ricks

seconded the motion. Motion carried. The President declared the meeting adjourned.

We are all glad to see our superintendent back in his office. The sixth grade has been having six weeks and mid-term tests. The sixth grade went to see a play given by the fifth grade recently.

Settlement News

By Mrs. R. H. Bayer

Mrs. Lina Fuos visited Sunday with Mrs. Emma Tschirhart at Three-Point.

Revival On At Hondo Methodist

Revival services began at First Methodist Church, Hondo, Wednesday, Jan. 30. Services are being conducted at 7 each morning except Saturday and 7:30 each night. Evangelist will be Quarry Parmer and song leader will be Earl Ward.

Rev. Parmer, an approved Evangelist of the Methodist Church and a member of the Central Texas Conference, is a native of Alabama. He moved to Texas in 1935 and has made that state his home since then. Rev. Parmer brings to the evangelistic field a wide and varied experience as a pastor and chaplain.

Rev. Parmer has attended and holds degrees from four Colleges and Universities. He has an A. B. degree from Bob Jones University, Greenville, S. C. Special work was done in the Asbury Theological Seminary at Wilmore, Ky. In 1938 he was awarded the D. B. degree from the Perkins School of Theology, S. M. U. at Dallas, Texas. Again in 1940 he was granted a masters degree in Theology by Emory University at Atlanta, Georgia.

Evangelist Parmer served seven years as pastor of country and city churches. In 1941 he entered the army to serve his church and country as a Chaplain for five years. Two years of that time were spent in Europe with a combat division assigned respectively to the Third, Fifth and Ninth Armies.

Upon his release from service, Rev. Parmer felt the call to fulltime evangelistic work. He entered that field of work in June 1946. Since that time he has held more than 200 revivals in 18 states. He has twice been elected to office in the Association of the Approved Evangelists of the Methodist Church.

Seco Believes Machine Will Never Replace Work

Editor's note: The Seco Philosopher on his Johnson grass farm is arguing about automation, his letter this week reveals. We can't tell whether he's for it or against it.

Dear editor: I noticed in a copy of a newspaper which the wind blew against my back screen door, I could have pulled it through a hole in the screen but I was afraid I'd tear it and anybody who is too lazy to open a door to pull a newspaper off ought to be ignorant anyway, where a scientist has predicted that in a few more years the automatic coin machine and push-button controls will just about relieve man of most of his work.

As I understand it, you can now buy anything from hot coffee to an insurance policy to a full meal merely by dropping coins in a machine, but I would like to say that while I'm in favor of anything that will eliminate work, I don't believe automatic coin machines and push-button controls will do it.

For example, I would like to see the inventor who thinks he can shoe a horse automatically.

While it's true you can milk a cow automatically, nobody has been successful in figuring out how to get the automatic machinery attached without somebody getting up before day-break to do it. They make automatic hay bales, it's true, but they haven't replaced the man who throws out the hay in the winter time, with one foot caught in the baling wire. Oh I know they can bale it with twine, but you can trip on twine the same as wire.

In fact, surveying the whole field of automatic controls, it seems to me that while man has eliminated a lot of old-fashioned ways of doing things, enabling him to do a lot of things faster and better, the main result has been that he has wound up doing more things at the same hours.

It's a lot nicer to start a tractor with a button than a crank, but having swung it, the inventor quit too soon. They seem to consider the job done and go off to leave me still having to climb in the seat and stay there going up one row and down another.

It's pretty easy to get an automatic machine to tell you how much money you have in the bank, or when your note is coming due, but I don't believe they'll ever get a machine that can decide who's entitled to a loan and who isn't.

The way it looks to me, there'll always be plenty of work for bankers and farmers, and while this may suit the bankers, it doesn't suit me.

Yours faithfully,
J. A.

Teachers Needed In Texas

Superintendent J. G. Barry of the Hondo Independent School District today urged college graduates in this area to give serious consideration to opportunities available to them in the teaching profession.

Barry explained that the need for teachers is especially critical in some areas of the State and that more than 2,000 persons have had to be assigned to teaching positions this year on the basis of emergency teaching permits.

"I especially want to call your attention to the state-wide teacher education courses now being presented over television," Barry said. "A person with a college degree can enroll in the 'Let's Teach' television series and begin his preparation for teaching. Even though a teaching vacancy may not be available to you at the present time, credit for the 'Let's Teach' series will enable you to qualify for an emergency teaching permit which will be valid from one to three years in any school district in Texas which has been unable to find enough fully qualified teachers."

The state-wide Teacher Recruitment and Education by Television project is sponsored by the Texas Education Agency through the cooperation of local school and college officials, television stations, and with the assistance of a grant from the Fund for the Advancement of Education (Ford Foundation).

Any person desiring complete information about the 'Let's Teach' teacher recruitment series may inquire at the office of his local school superintendent or address "Let's Teach, Texas Education Agency, Austin, Texas."

Quihi LYO Meet Held January 16

The Quihi LYO met for its regular meeting and social hour Jan. 16, at 7:30 p.m. There were 15 members present. Kenneth Niehenhoefer called the meeting to order and Rev. Durkop opened with a prayer. Several passages from the Bible were read and discussed by Rev. Durkop. It was decided that the Luther League would have a con hunt, date depending on the weather. A committee was appointed to secure food when the date is set. The meeting was adjourned and refreshments were served by Bruce Saathoff and Cordell Boehlen.

Donald R. Dean Named To Graduate

On Feb. 1, Donald R. Dean, submarine fireman, USN, son of Mr. and Mrs. Lewis H. Dean of Route 1, Box 124, Hondo is scheduled to graduate from the Electrician's Mate School at the Naval Training Center, San Diego, Calif.

During the 14-week course students receive instruction in the repair, maintenance and operation of modern Naval electrical equipment.

The course also includes the preparation and use of electrical blueprints and wiring diagrams.

County Agent Notes

Medina County Show Set Monday, Tuesday

By C. B. Gaston

Remember about the Medina County Junior Fat Stock Show, schedule for Devine next week, Feb. 4 and 5. Livestock will be brought in Monday and sifting will be on that day. Tuesday, judging will start in the morning and continue until completion. The auction sale will be held in late afternoon.

Make plans to be there all day Tuesday and stay for the sale. Forty seven 4-H Club boys and girls have entries in the show that will help to make it one of the best held in the county.

Several persons have taken advantage of the demonstrations for the control of cut ants. The winter months are the most effective time to get a good kill rather than when they are causing damage next spring and summer. Inquire about the use of methyl bromide for the control of these insects.

Two new yellow corn hybrids, Texas 36 and Texas 34, have been developed for distribution this year by the Texas Agricultural Experiment Station. Texas 36 is particularly recommended for this area where earliness and drought resistance are essential factors in corn production. In tests, the yield has been very favorable with the other hybrids that have been grown for several years.

Texas No. 34 produces good yields of high quality grain and has excellent shuck cover which reduces damage from earworms and ear rots. The latter variety will very likely need to be used under irrigation in this area, but should be one that can be sold well for human consumption.

Redbine 58, a new early maturing grain sorghum variety, has been developed by the Texas Agricultural Experiment Station in cooperation with the Midwest Institute and Corn Products Refining Company. Redbine 58 is earlier in maturity than most presently grown combine varieties of grain sorghum. The bright reddish-yellow grain of the new variety is hard like Martin, germinates well, does not weather badly in the field and threshes well. It is highly superior to Combine 7078 in these respects and is a more attractive grain than its Martin parent. In tests, it has out produced Martin, Redbine 60 and Redbine 66 and is a super crop under dryland planting in areas of low rainfall or in dry

Zinsmeyer Is Man Of Year

George Zinsmeyer, LaCoste, has been chosen "Man of the Year" by the LaCoste Veterans of Foreign Wars Post 8134. Zinsmeyer donates land for the LaCoste baseball field and also his tractor to keep the field, which is the home of the VFW sponsored team, LaCoste High School and the Pony League.

In appreciation, the group presented Zinsmeyer with a \$25 hat. Honorable mention was given the LaCoste Lions Club for piping city water to the field.

During the regular Post meeting, three new members were initiated. Dues have been collected and total 1957 membership is near 100 per cent.

Marion Keller is commander of the LaCoste post and Charles R. Bauerlein is quartermaster.

James Kirkham In Maneuver

Golden Esso Extra

has the highest octane rating of any gasoline.

Modern cars, especially the 1957 models, have engines with very high compression ratios (9 to 1, and higher!).

These engines require a gasoline that's better than the best of "premium" gasolines, better than the "supers."

The one gasoline—the only one—that permits every high compression engine to deliver its full power output is Humble's Golden Esso Extra.

It is the world's finest automotive fuel... with the highest octane rating of any gasoline.

Protect the value of your automobile investment—use the gasoline that gives you added value from full performance. Fill up at the golden pump under your neighbor's Humble sign.

If you answer yes to any one of these questions, you should try Golden Esso Extra—world's finest gasoline.

- Does your car knock on "premium" gasoline?
- Is your car air-conditioned? (On an average the engine pulls a 3-ton air conditioner.)
- Does the engine have a compression ratio of 9 to 1, or higher?
- Does your car have more than one carburetor or a "Power-Pack?"
- Is the engine rated at 200 horsepower or higher?

(These points become even more important as you add miles to a new car. Anti-knock requirements increase when you pass the break-in period.)

HUMBLE

HUMBLE OIL & REFINING COMPANY

Don't let a "knock you can't hear" rob your car of power!

Engineers call it "trace knock," a knock so faint that only a trained technician can hear it. But like all knocks, it robs your engine of power, forecasts engine damage. If yours is a modern car in any price class—especially if it's a 1957 model—prevent "trace knock" with Golden Esso Extra, the gasoline with the highest octane rating ever.

D'Hanis Boys, Girls Take Castro Teams

The D'Hanis Cowboys and cow-
girls basketball teams swept
to two district basketball wins
over Castroville last week. In the
boys game, the cowboys upset a
highly favored cat quintet who
earlier in the season had soundly
trounced them. Highlight of the
game was when one of the Cas-
troville players got mixed up on
a jump ball and scored two
points for D'Hanis.

It was the aggressive play of
Frank Ortega (high for the
game), Charles Edmonson,
David Finger, Junior Tovar,
George Tovar, and springy leg-
ged Nemesio Ortiz that turned
the tide in favor of D'Hanis.

Giving away an average of
over three inches per man, the
cowboys simply outmuscled and
outjumped the taller Castroville
team. The game was rougher
than most gridiron encounters.

Charles Edmonson, the tallest
of the D'Hanis squad at 6' 1", led
both teams in rebounds. This was
a key factor along with the su-
perb shooting and ball hawking
of Ortega, Ortiz, and the excel-
lent defensive play of Junior
Tovar, and David Finger. George
Tovar, 5' 8" of coiled spring gave
Edmonson excellent support on
the backboard.

The cowboys have now regis-
tered wins over Edgewood B.
Yancey, Comstock and Castro-
ville, already an improvement
over last year's record. This im-
proved performance coupled with
the possibility of a new gym and
the presence of only two seniors
on the squad makes the future
look a little brighter than in pre-
vious seasons.

The Girls squad paced by Ann
Langfeld, their ace scorer, drop-
ped their first district game of
the year to Knappa but bounced
back to easily beat Castroville.
The two games saw Ann Lang-
feld, Joan Reiber and Joan Carle

D'Hanis Juniors Score Two Wins

D'HANIS — The elementary
boys and girls basketball teams
both scored wins over junior
teams from Castroville recently.
Susan Finger, Ellen Langfeld
and Virginia Schulz looked good
for the girls, while Frank Reyes,
Leo Ortega and pint-sized Toni
Langfeld sparked the boys team.

Santos Reyes and Diego Gonza-
lez rebounded well for the junior
boys team.

M&M Tom Gilliam and M&M
Yancey Barnhart of Pearsall,
stopped by to see M&M S. P.
Children last Saturday as they
went to Hondo to the R. E. A.
barbecue. They also brought Mrs.
Gilliam's mother, Mrs. Ammie
Williams of Junction, by to
spend the day with M&M Chil-
dren.

Mrs. Annie Baker left today
for her home in Pamona, Calif.
Mrs. Baker spent some time
with her sister-in-law, Mrs. Mary
Gruenwald and family and other
relatives and friends, then visited
in San Antonio, Cuero, Kennedy
and Poteet for two weeks, then
spent last week with the Gruen-
walds here.

Mrs. Phil Reed and Micheal
of Alvin are spending two weeks
with her mother, Mrs. Mary
Gruenwald and family.

Miss Dora Mae Wilson and
several friends from San Antonio,
spent the weekend in Houston at
the McCollum home.

Mrs. McCollum was in South
America visiting her daughter
and family — he was in New
York, planning to join his wife
in a few days, when he became
suddenly ill, was rushed to a
hospital and underwent surgery
at once for a serious gall blad-
der infection. Although still in
the hospital, he is doing fine.

M&M Earl Berry and family of
Kerrville spent last weekend
with the J. N. Wilsons.

Pastor and Mrs. Lee Hadley
and son of Kerrville had dinner
Saturday with M&M George
Heiligman. Mr. Hadley preached
at the Seventh Day Adventist
Church here Saturday morning.
The Hadleys are leaving Kerr-
ville soon to make their home at
Jefferson.

We are happy to report that
Miss Anna Wiemers is home
again with her sisters Misses
Emma, Louise and Lasetta Wie-
mers, after another round in
the hospital in Houston for sur-
gery on her throat. Miss Wiemers,
who had an operation for
cancer of the throat last year,
has been in and out of the
hospital for the past year, since
the first operation that removed
the "voice box, for graft etc.
She will be here with her sisters
for three weeks, then go to the
hospital again. She expects to be
perfectly well soon.

M&M Ciavarn and children of

The Hoots Organize

Fifteen boys have turned out
for the Junior High School Hoots.
Two teams have been formed so
each boy could get a chance to
play — the team includes both
junior high boys and freshmen.
The first team is made up of
Mike Moore, Richard Schweers,
Cliff Saddler, Charles Neuman,
Alfred Breiten, Elisandro Salazar
and Tommy Carter. The second
team includes Dale Lindeburg,
John R. Schuehle, Preston Moeh-
ring, Billy Hawkins, Ronnie Ul-
brich, Fred Graff and James
Moss.

First game of the season for
the Hoots was against LaCoste
— the first string won their game
30-26 while the second string lost
31-21.

Thursday, the Hoots played Sa-
binal on the local court. The first
team again won by a 29-13 mar-
gin. High pointers were Saddler,
11; Moore, 10; Neuman 6; and
Schweers, 2 points. Scoring ac-
cording to periods was as fol-
lows:

Hondo	10	3	11	5
Sabinal	1	4	5	3

Final score, Hondo 29, Sabinal
13.

Hondo's second team lost their
second game by a score of 26-13.
High point men for the Hoots
were Moehring, 6; Graff, 3; Sa-
lazar, 2; and Lindeburg, 2 points.
Scoring according to quarters
was:

Hondo	4	4	3	2
Sabinal	4	6	8	8

Final score, Sabinal 26, Hondo
13.

The Hoots took on the LaCoste
Eagles on the local courts Mon-
day night, with the first team win-
ning 23-17 and the second team
being edged out 24-19.

High pointers for the first
string were Neuman, 13; Linde-
burg, 4; Saddler, 2; J. H. Stieg-
er, 2; and Schweers, 2. Scorers
in the second string contest were
Salazar, 10; Ulbrich, 6; Schuehle,
2; and Moss, 1 point.

Scoring according to periods
was as follows:

Hondo	2	8	4	5
LaCoste	8	10	4	2

Final score, LaCoste 24, Hon-
do 19.
